

Acknowledgements

In addition to the family members and friends who authored the writings displayed within, I am most appreciative of the myriad who contributed to this collection for no reason other than (apparently) their inherent kindness and innate professionalism. These include: James Cheevers, Senior Curator of the US Naval Academy Museum for his history of Academy prep schools and entrance examinations; Lawrence Clemens and Jennifer Bryan of the Special Collections & Archives Dept. of Nimitz Library, USNA; John Kelly, USNA '63 and his wife CiCi who actually bound and maintained John's letters from midshipman cruise; Ron Bousek of LTBC who photo shopped a John Kelly 1962 photo of me into something resembling quality; Louise Foster Smith for her inspiring talk [8 March 2017] at Albuquerque Main Library on "Saving Family History" and permitted re-publication of her essay, "On Betraying Family"; Genealogy Librarians to include Lisa Kindrick of Albuquerque Main who I forgive for eating my Cheetos and my chocolate chip cookies when I inadvertently abandoned my lunch sack; Julie Huffman of LAPL who assured me my efforts would find a sheltered home, albeit in a vertical file; MSgt "Jay" Riensche, USAF, Retired, HH-60 Flight Engineer who worked and flew with Drippy during assignments at Kirtland AFB (2004-2007) and in Germany (2008-2012);
